# Investics to Provide Suite of MSCI Indexes and ESG Data

---

Weston, MA – November 8, 2021. Investics Data Services Company, Inc. reached an agreement with MSCI to provide a suite of index and ESG data through the Investics Cloud Ecosystem (ICE)<sup>®</sup> and Investics DARTS<sup>®</sup> data delivery marketplace.

Subscribers to this new Investics service can receive MSCI Index constituents, performance, index and security master data for the family of global equity index modules including: Core, Small Cap, Value, Growth, Islamic, Sector, ESG, Thematic, Factor and Custom indexes for Developing and/or Emerging Markets. ESG content includes ESG Company, Government, Controversies, Carbon Metrics and Business Involvement Screening Research. “MSCI has been a leader in the global index and investment analytics business for over fifty years. Complemented with ESG data, Investics clients are able to analyze the comparative performance and risk of their portfolios against the MSCI Indexes and help understand the exposures and sustainability of their investments in a consistent fashion on Investics ICE<sup>®</sup>”, said William Pryor, President of Investics.

Subscribers will need an already existing agreement with MSCI for the respective MSCI data service(s). An investics servicing representative will assist to confirm the required subscriptions with MSCI.

Investics focuses on, and works in partnership with, the global institutional investor community offering native cloud investment data and analytics capabilities, managed services and consulting. With representatives globally and headquartered in Weston, Massachusetts on the outskirts of Boston along “America’s Technology Highway”, Investics has serviced clients with assets that now total over US\$150 billion.
